# NOHEROES

## No Heroes

Time will tell. After months of searching and writing, Roosendaal based band NOHEROES was formed at the end of 2007. Yordi (bass) and Pascal (drums) took their experience from their previous band Underlined as a blueprint for the new songs, a new style and a new set up.

**"Most promising act for 2009! Their unique mix of mosh, math and melody is going to be successful next year.**

After the addition of Lesley on vocals and Roy (guitar) in '08, a new metalcore/mathcore episode was born. But the band didn't want to drown in the ocean of metalcore-cliché bands. They combine heavy moshparts and hardcore riffs easily with melodic, more sensitive, or even progressive passages. This all proves the versatility of the band. NOHEROES is inspired by artists such as Misery Signals, Architects, Blood Has Been Shed and Emmure.

**"NOHEROES represents the Brabant hardcore scene"**

The quartet is currently recording a MCD, which is going to be released on Crossfirecult Records in fall '09. But besides recording, playing live shows is just as, or even more important for NOHEROES. In their one year of existence they played in venues all over The Netherlands and supported acts such as War From A Harlots Mouth (Ger), Enemy Ground, Liar (Be) and Leng T'che (Be).
